

# Stampin' Card Template - #3 Clean Lines

A visually pleasing layout with horizontal and vertical lines.

## Supplies Needed

- 4" x 11" cardstock base, scored at 5 1/2"
- 2 1/2" x 1" Basic White CS or a neutral color
- 3" x 5 1/2" patterned paper
- 1 1/2" x 4" coordinating patterned paper
- Scraps for accent images

## Directions

1. Stamp the greeting image on the Basic White cardstock piece.
2. Attach the 3" x 5 1/2" piece of patterned paper on the front of the card base centering it vertically. You will have about 5/8" of the card base showing on each side. Then attach the 4" x 1 1/2" piece of patterned paper horizontally over the first piece. Choose patterns that coordinate with each other in color, and it looks fabulous if the patterns complement each other - one being very detailed and one having a smaller pattern.
3. Pop up the Basic White greeting piece with dimensionals and layer over the top of the pattern papers where they meet.
4. Punch or die cut one or two stamped accent images to arrange around the greeting focal point and attach to the card front.
5. Add any extra embellishments.

## Ways to Step-Up the Template

- Use an embossing folder on one or both of the pieces of patterned paper.
- Add extra layers of cardstock to matte the patterned paper.
  - 5 1/2" x 3 1/4" for matting the large piece
  - 2 5/8" x 1 1/8" for the greeting piece.
- Add a layer of coordinating ribbon under the greeting piece
- Use a rectangular shaped punch or die to create the greeting piece
