

Really Robin Stamps Giving Opportunity

I would like to make monetary donations in my local community towards both heart health to support Stampin Up!'s commitment and also to breast cancer and YOU can help me. I am offering you the opportunity to earn a **Patchwork Stack & Cut Card Kit** from me with a qualifying \$40 purchase from now until September 30th. My goal with this idea is to encourage you to earn the kit, and make the cards so that you can encourage others with your words. These cards don't have to be made specifically for a cause or awareness of something in particular, just send them to someone who needs encouragement of any kind or give the set as a gift to someone who is already a fantastic encourager that will use the cards.

Patchwork Stack & Cut Card Kit - makes 5 cards
