

Stampin' Card Template - #7 I Need a Superhero

Easy & fast to cut, stamp, and assemble!

Supplies Needed

- 5-1/2" x 8-1/2" cardstock base, scored at 4-1/4"
- 2-3/4" x 4" cardstock (or patterned paper)
- 1-1/4" x 3" Basic White cardstock
- 4" ribbon
- Scraps for die cutting/punching embellishment

Additional Options

- 1" x 4-1/4" patterned paper
- 1-1/4" x 2-1/2" Basic White cardstock

Directions

1. This template is designed to work on a vertical (portrait) card.
2. Stamp on the card base front in three areas. Use the same color of ink as the cardstock color or a Versamark ink pad. This creates a subtle background.
3. Stamp the 2-3/4" x 4" piece of cardstock to create a different background than what is stamped on the card base. This piece of cardstock is the base for the focal point of the card. If a small image was used on the card base background then use a large image on this piece (or opposite of this) to create contrast. Attach this piece to the card base, centering it in the bottom right corner about 1/2" from the edges.
4. Attach the ribbon approximately 1" above the bottom edge of the card front, overlapping the focal point piece. The ribbon should meet the right edge of the card base exactly and extend about 3/4" past the focal point's left edge. Trim the end of the ribbon at an angle.
5. Stamp a greeting sentiment on the piece of 1-1/4" x 3" Basic White and attach centered over the ribbon equally and also centered over the focal point piece so that 1/8" of each edge extends past the edges. This piece should be popped up with dimensionals.
6. Stamp and cut out (with dies or punches) an embellishment that coordinates with the stamped images on the card. Tuck this embellishment under the popped-up greeting piece on the top right corner. The embellishment can be popped-up also or adhered flat to the focal point piece.

Ways to Vary the Template

- Use an embossing folder on the 2-3/4" x 4" cardstock or patterned paper
- Add extra layers of cardstock to matte the patterned paper.
 - 3" x 4-1/4" for matting patterned paper/cardstock
 - 1-3/8" x 3-1/8" for the sentiment piece.
- Emboss the greeting with embossing powder
- Add additional embellishments.
