

# Inspiration Sheet - 5 Pocket Mini Album

Use one sheet of 12 x 12 DSP to create a mailable mini album.

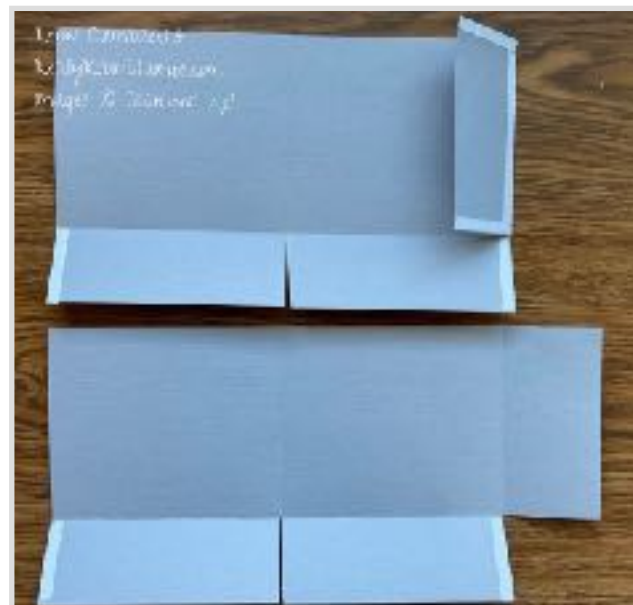

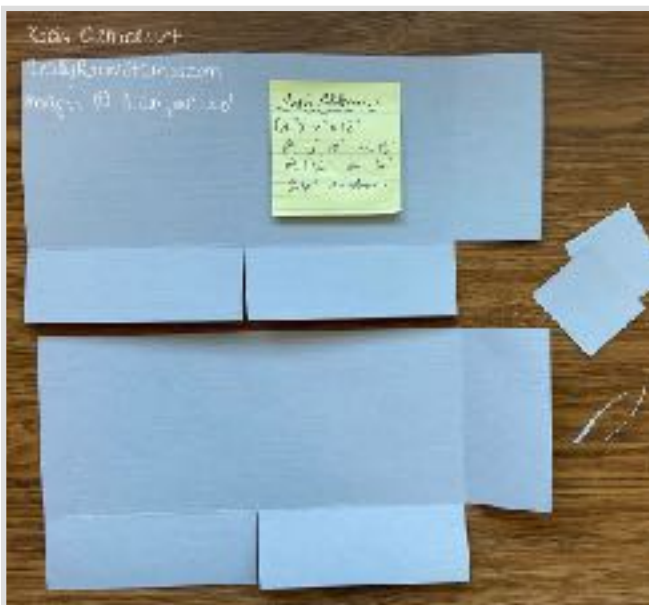

## Supplies

- 6" x 12" DSP or cardstock (cut 2)
- 26" ribbon
- Very Best Trio Bunch
- Memories & More Card Kit

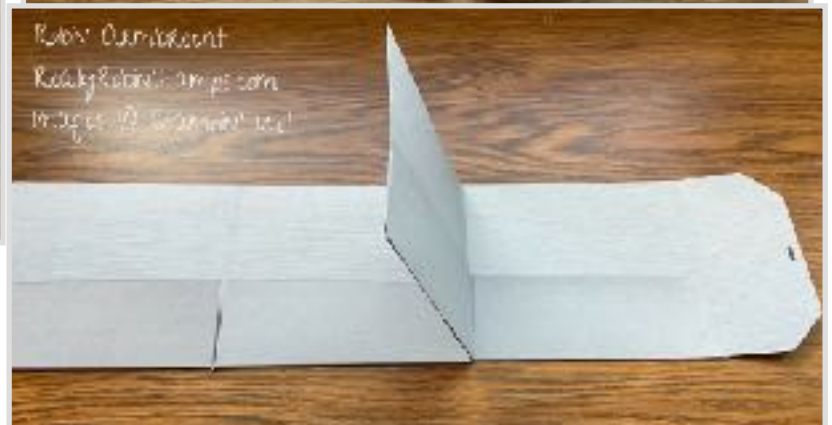

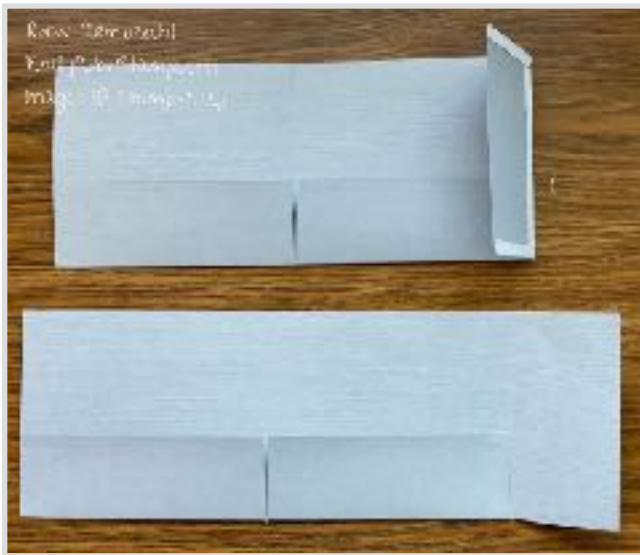

## Directions

1. Score each piece of the 6" x 12" DSP the same way. With the paper pattern you want on the inside of the album facing up towards you, score at 5" and 10", along the 12" edge. Turn and score at 1-3/4" along the 6" edge.
2. Crease on all score lines in the same direction - towards the inside pattern of the album.
3. Cut out the corner square and discard. Cut on the 5" score line up to the 1-3/4" score line. This will create the pockets for the album.
4. Adhere the pocket sides to the inside of the album (see where white Tear & Tape is located in picture). You can choose to only adhere the outermost sides of the pockets which gives the appearance of school folder, or you can adhere all pocket sides. Keep in mind that the more/wider adhesive used will make the pocket smaller.
5. Adhere the 2 album sections together creating another pocket at the same time. On one album section, apply adhesive to the 2" x 4-1/4" flap on 3 sides, and attach to the back of the first pocket on the other album section.
6. Create another score line 1/8" from the score line that makes the other 2" x 4-1/4" flap so that when the album is all the way closed this flap will lay flat.
7. Punch a hole in the center top of the flap for the ribbon. Optional - Use a decorative punch on the corners.
8. Fill the pockets with goodness!
