

Stampin' Inspiration - Uneven Four-Square Template #21

Supplies

- 5 1/2" x 8 1/2" card base
- 2" x 2" DSP #1
- 2" x 3-1/4" DSP #2
- 2" x 2" DSP # 3
- 2" x 3-1/4" DSP #4
- 2" Circle Basic White*
- 2-3/8" Circle Coordinating Cardstock

*the focal point piece can be ANY size or shape to fit the stamp image or greeting you are using.

Designer Series Paper Choices

- Choose four different and coordinating patterns.
- Choose one scenic piece and cut into four pieces (start with a piece measuring 5-1/4" x 4")
- Choose the same pattern for all four pieces.
- Use a neutral cardstock color measuring 5-1/4" x 4", and stamp a background/collage then cut apart into the pieces.

Directions

1. Attach DSP #1 first 1/8" from the top left corner. Next, attach DSP #4 (1/8" from the bottom left corner.) Then attach DSP #2 & DSP #3 leaving 1/8" in between all the pieces.
2. Stamp and created a focal point on the 2" Circle on Basic White, then mount onto the 2-3/8" circle punch out of coordinating cardstock to matte the focal point.
3. Attach the focal point anywhere on the card front where there is an intersection formed by the 1/8" gaps between the DSP pieces.
4. Add embellishments.
