

Stampin' Inspiration - Mirrored Blocks Template 27

Supplies

- 5 1/2" x 8 1/2" card base
- 3-3/4" x 5" coordinating cardstock
- 2-1/2" x 1" DSP #1 (2)
- 2-1/2" x 1" DSP #2 (2)
- 2" x 1" DSP #3 (2)
- 3-1/2" x 3/4" Basic White
- 3-1/2" x 4-3/4" copy paper

Directions

1. If using Basic White (as opposed to another DSP pattern) for the 3-1/2" x 3/4" strip, stamp the desired greeting first.
2. Attach the DSP blocks and Basic White cardstock strip onto the 3-1/2" x 4-3/4" piece of copy paper. This will help to align the pieces and allow you to trim any edges that are uneven. Start by adhering one of the vertical corner rectangles (DSP 3) first, then the rectangles next to it (DSP 1 & 2). Then repeat on the same process on the other half leaving the Basic White strip to adhere last.
3. Optional Step - use an embossing folder to "quilt" the arranged blocks before adhering to the card in the next step.
4. Attach the copy paper to the 3-3/4" x 5" piece of coordinating cardstock. There will be an 1/8" margin around the edges of the blocks
5. Adhere the card front to the card base.
6. Embellish as desired.
