

Stampin' Inspiration - Layered 4 Squares Template #33

Supplies

- 5 1/2" x 8 1/2" card base
- 4" x 5-1/4" cardstock or DSP
- 2" x 2" DSP (4 coordinating patterns)
- Focal Point Basic White any size or shape
- 3 embellishments

Choose four coordinating DSP patterns that compliment each other.

Directions

1. Attach the 4" x 5-1/4" piece of cardstock or DSP to the card front. This piece can be a subtle coordinating piece of pattern paper or plain cardstock.
2. Layer the 2" square pieces of coordinating Designer Series Paper overlapping each other counterclockwise around the card front with each outer edge 1/4" from the edge of the 4" x 5-1/4" piece. Start with square #1 on the bottom edge and work around counterclockwise so that square #4 is last and on top of all the other squares. (Any of the four squares can be the starting square so that the top square could be in any location.)
3. Pop-up the focal point image or focal point shape (for greeting) and layer over the layered squares wherever you love it!!!!
4. Add three embellishments in the empty spaces arranged in a long triangle.
