Inspiration Sheet - Flap Fold Card

Card Cousins with similar features in common. (Papercrafting Playdate 193 on Nov. 19th, 2026)

Really Simple Layout #5

- 5-1/2" x 8-1/2" card base
- 3" x 5" DSP #1
- 3" x 4" DSP #2
- 4" x 5-1/4" Basic White for inside
- Punched/Die cut greeting shape of choice (or 1" x 3")

Directions

1. Attach DSP #1 along the right edge of the card front centered top to bottom. There will be 1/4" margin top and bottom.
2. Attach DSP #2 along the left edge of the card front centered top to bottom and overlapping DSP #1. There will be 3/4" margin top and bottom.
3. Stamp greeting sentiment on shape of choice. Pop-up and attach overlapping both DSP patterns.

Inspiration Sheet - Flap Fold Card

Card Cousins with similar features in common. (Papercrafting Playdate 193 on Nov. 19th, 2026)

Side Flap Fold Card (a cousin to RSL#5)

- 5-1/2" x 7-1/4" card base, scored at 4-1/4"
- 3-1/2" x 4" cardstock (same color as the card base), scored at 3"
- 3" x 5" DSP #1
- 3" x 4" DSP #2 (cut an extra for the inside)
- 1-1/4" x 5" DSP #3
- 2-7/8" x 5" Basic White for inside (or use DSP)
- Punched/Die cut greeting shape of choice (or 1" x 3")

Directions

1. Score the card base at 4-1/4". Orient the card base so that the opening is on the left side.
2. Attach DSP #1 on the right flap of the card front centered top to bottom. There will be 1/4" margin top and bottom.
3. Score the 3-1/2" x 4" piece of cardstock along the 3-1/2" edge at 3". Crease the 1/2" section well so it will bend easily. Attach this section to the inside of the card base, even with the left edge of the card base creating a flap.
4. Attach DSP #2 onto the flap.
5. Stamp greeting sentiment on shape of choice. Pop-up and attach onto the flap hanging off a bit as desired.
6. Attach DSP #3 on the inside of the card on the left side and the Basic White cardstock on the right side.

Optional: Add more DSP patterns to the flaps on the inside of the card. Use the same measurements for DSP #1 & #2.
